Judge and Mrs. W. H. Thompson and their three children, of Garden City, will arrive Sunday, and will be at the Throop hotel until after the legislature takes action on Judge Thompson's election to the United States senate. After the election they will go to Washington to spend the late spring and early summer, and Judge Thompson will attend the special session of congress.

Judge Thompson has quite an interesting family, and they have a large circle of friends in Topeka; for they formerly made their home here, moving to Garden City about 12 years ago. Mrs. Thompson is a member of the famous Felt family of Salem, Mass., her maiden name having been Bertha Felt. The Felts came out to the colonies in 1628, and settled in Salem. Many of their descendants are still in that city. General Joseph Warren, the hero of the Battle of Bunker Hill, was closely related to the Felt family. Mrs. Thompson is an active member of the Daughters of the American Revolution, and will be one of the assisting women at a tea to be given by the local chapter Thursday of next week, at the Lee Monroe home.

The Thompsons have a beautiful home in Garden City, where Mrs. Thompson has won an enviable name as a liberal and charming hostess. She entertains frequently and in a clever and tasteful way. Moreover, she is a strikingly good looking and well

Dimples must now be had if one is to be fashionable. A smile that does not reveal a dimple or two is not a fashionable smile, and the lady who is far behind the mode as she would be in hoop skirts.

Several specialists are at work on the subject of dimples, and the big eastern cities, imparting fetching dimples to faces that are too rounded. Two styles of dimples are being ordered and supplied, weekly dimples that vanish at the end of seven days and permanent dimples. The seven day variety are the more popular as there is no knowing how long the fashion will last.

Adeline Genée

World Famed Dancer

With Her Own Company

THE Artistic and Musical Event of the Season

Genée is not a dancer—she IS the dance in all its beauty, lightness and charm. She seemed to dance for pure joy last night. There was none of the pain and effort of the ballet-dancer in her work—or play. Her smile was not a mask for suffering. You did not ache for her, as you do for most dancers when they are a-toe. She didn't "hurt." She was as swift and sure as a bird.—N. Y. World.

A MILLION FOR CURE.

C. E. Finlay Wants German to Demonstrate New Serum.

New York, Jan. 25.—A million dollars is the offer announced by Charles E. Finlay, a New York banker, if his son-in-law, Rexford Lee Paris, of Indianapolis, and 94 other sufferers from tuberculosis in this country are restored to health by the new serum discovered by Dr. F. F. Friedman, of Berlin. Cable dispatches have told of the success of the new serum abroad and Dr. Friedman has recently given the secret of his vaccine to the German Imperial Board of Health.

Aroused by the case in his own household, Mr. Finlay has cabled his offer to Dr. Friedman, one of the conditions being that the doctor shall demonstrate personally the value of his serum in New York within the next few weeks. His proposition requires that 95 per cent of cures in 100 cases be shown. He would provide hospital beds for the patients free. Mr. Finlay said that the million might reduce him to the "bread line class," as he was not a multi-millionaire, but he thought it would be worth while to make the sacrifice if he could do such a helpful thing for humanity.

How She Discarded Unsightly Complexion

(Mona Morrow in Town Tatter.)

How often I exclaimed as I beheld my ugly complexion in the mirror, "If I only could tear off this old skin!" And, do you know, I've learned to do that very thing, and to actually remove the entire skin all of a sudden; that would be too heroic a method and painful, too, I imagine. The worn-out cliche comes off in such tiny particles, and so gradually—requiring about ten days to complete the simple method. By dissolving an ounce of the beautiful complexion underneath comes forth. Marvelous! No matter how badly, rough, blotchy or aged your complexion, you can surely discard it by this simple process. Just get an ounce of ordinary marmalade wax at your druggist's, and mix it with cold cream, washing it off mornings.

My wrinkles I got rid of by an equally simple method. By dissolving an ounce of powdered sassafras in a half-pint of water and bathing my face in the solution, every line completely disappeared. First the finer lines, finally even the deep crow's feet, vanished entirely.—Adv.
